## CONTENTS

### Articles

#### *Recent Research on the Yellow Sea Green Tide Caused by *Ulva prolifera**

- 1..... Decadal characteristics of the floating *Ulva* and *Sargassum* in the Subei Shoal, Yellow Sea  
*Jie Xiao, Shiliang Fan, Zongling Wang, Mingzhu Fu, Hongjun Song, Xiao Wang, Chao Yuan, Min Pang, Xiaoxiang Miao, Xuelei Zhang*
- 11..... Spatiotemporal variability of physical-biogeochemical processes and intrinsic correlations in the semi-enclosed South Yellow Sea  
*Qinsheng Wei, Baodong Wang, Mingzhu Fu, Junchuan Sun, Qingzhen Yao, Ming Xin, Zhigang Yu*
- 27..... Expression analyses of miRNA Up-MIR-843 and its target genes in *Ulva prolifera*  
*Juanjuan Yang, Dachun Yu, Songdong Shen*
- 35..... Identification of genes under positive selection reveals evolutionary adaptation of *Ulva mutabilis*  
*Jian Zhang, Xiaowen Zhang, Wentao Han, Xiao Fan, Yitao Wang, Dong Xu, Yan Zhang, Jian Ma, Chengwei Liang, Naihao Ye*
- 42..... Characterization of a broad substrates specificity acyl-CoA: diacylglycerol acyltransferase 1 from the green tide alga *Ulva prolifera*  
*Xiaowen Zhang, Xiaoyuan Chi, Yitao Wang, Jian Zhang, Yan Zhang, Dong Xu, Xiao Fan, Chengwei Liang, Naihao Ye*
- 50..... Effects of light and salinity on carotenoid biosynthesis in *Ulva prolifera*  
*Yuan He, Yuantu Ye, Songdong Shen*

### *Marine Chemistry*

- 58..... Concentrations and sinking rates of transparent exopolymer particles (TEPs) in a coastal sea: the Changjiang River (Yangtze River) Estuary  
*Shujin Guo, Jun Sun*

### *Marine Geology*

- 70..... Calcareous nannofossil changes in the Early Oligocene linked to nutrient and atmospheric CO<sub>2</sub>  
*Ruigang Ma, Haizhang Yang, Xiaobo Jin, Zhao Zhao, Gongcheng Zhang, Chuanlian Liu*
- 81..... Geological characteristics of the Nankai Trough subduction zone and their tectonic significances  
*Jie Zhang, Ling Chen, Zihua Cheng, Limei Tang*
- 96..... The controlling factors of high suspended sediment concentration in the intertidal flat off the Huanghe River Estuary  
*Bowen Li, Yonggang Jia, J. Paul Liu, Jianfeng Su, Xiaolei Liu, Mingzheng Wen*

## **Marine Biology**

- 107..... Population dynamics modelling with spatial heterogeneity for yellow croaker (*Larimichthys polyactis*) along the coast of China  
*Qiuyun Ma, Yan Jiao, Yiping Ren, Ying Xue*
- 120..... The influence of water-sediment regulation on macrobenthic community structures in the Huanghe River (Yellow River) Estuary during 2012–2016  
*Shaowen Li, Fan Li, Xiukai Song, Mingliang Zhang*
- 129..... Antibacterial and antiparasitic activities analysis of a hepcidin-like antimicrobial peptide from *Larimichthys crocea*  
*Libing Zheng, Yuan Li, Jun Wang, Ying Pan, Jia Chen, Weiqiang Zheng, Longshan Lin*
- 140..... Extension and application of a database for the rapid identification of *Vibrio* using MALDI-TOF MS  
*Jing Wu, Yuexia Zhou, Xiaofei Liu, Yuan Cao, Chengjin Hu, Yingjian Chen*
- 147..... Oxidative stress responses to cadmium in the seedlings of a commercial seaweed *Sargassum fusiforme*  
*Tiantian Zhang, Minheng Hong, Mingjiang Wu, Binbin Chen, Zengling Ma*
- 155..... Early development, life history and ecological habits of *Grateloupia constricta* Li et Ding  
*Yuanyuan Ding, Yao Bian, Huina Wang, Jing Liu, Jingrui Li, Hongwei Wang*
- 162..... Phenotypic plasticity and taxonomy of *Cladophora gracilis* (Griffiths) Kützing (Cladophorales, Chlorophyta) in the western Yellow Sea with the implication of its DNA barcode  
*Bingxin Huang, Linhong Teng, Jingjing Jiang, Lanping Ding*
