Vol. 35  No. 6  June 2016

CONTENTS

Articles
Marine Chemistry

1 .............. Effects of pretreatment procedures on fatty acid composition and stable carbon isotopes in the marine microalga Isochrysis zhongii
YAO Jingyan, LIU Yu, LI Ying, WANG Haixia

Marine Biology

7 .............. Flow cytometric analysis of DNA content for four commercially important crabs in China
LIU Lei, CUI Xiaoxia, SONG Chengwen, LIU Yuan, HUI Min, WANG Chunlin

12 ............. Genetic parameters for cold tolerance and body weight of Chinese fleshy prawn, Fenneropenaeus chinensis
LI Wenjia, LUAN Sheng, LUO Kun, SUI Juan, LU Xia, WANG Qingyun, KONG Jie

19 ............. Molecular characterization and expression analysis of Patched 1 gene in the half-smooth tongue sole (Cynoglossus semilaevis)
DONG Zhongqian, QI Qian, ZHANG Ning, SHAO Changwei, ZHANG Liyan, WEN Haishen, CHEN Songlin

29 ............. Stable isotopic composition of otoliths in identification of stock structure of small yellow croaker (Larimichthys polyactis) in China
WANG Yuchen, HUANG Jiansheng, TANG Xueyi, JIN Xianshi, SUN Yao

34 ............. Migration and population structure characteristics of the small yellow croaker Larimichthys polyactis in the southern Yellow Sea
XIONG Ying, ZHONG Xiaming, TANG Jianhua, YANG Jian

42 ............. Influence of parental sample sizes on the estimating genetic parameters in cultured clam Meretrix meretrix based on factorial mating designs
LIANG Bingbing, YUE Xin, WANG Hongxia, LIU Baozhong

50 ............. A comparison of the applicability of the Shannon-Wiener index, AMBI and M-AMBI indices for assessing benthic habitat health in the Huanghe (Yellow River) Estuary and adjacent areas
LUO Xianxian, SUN Kaijing, YANG Jianqiang, SONG Wenpeng, CUI Wenhui

59 ............. Spatial structure and seasonal changes of nekton assemblages in the Taiwan Strait
SONG Puqing, LIN Longshan, LI Yuan, ZHONG Zhihui

68 ............. Diversity of the aerobic anoxygenic phototrophy gene pfuM in Arctic and Antarctic coastal seawaters
ZENG Yinxin, DONG Peiyuan, QIAO Zongyun, ZHENG Tianling
Microbial community structure of Arctic seawater as revealed by pyrosequencing
LI Yang, WANG Zhen, LIN Xuezheng

A snapshot on spatial and vertical distribution of bacterial communities in the eastern Indian Ocean
WANG Jing, KAN Jinjun, BORECKI Laura, ZHANG Xiaodong, WANG Dongxiao, SUN Jun

The current situations of green macroalgae and micro-propagules in Pyropia aquaculture of the Subei Shoal in spring of 2013
LIU Xiangjing, WANG Zongling, FAN Shiliang, XIAO Jie, LI Yan, ZHANG Xuelei, LI Ruixiang, WANG Xiaona

Superoxide dismutase genes in Pyropia haitanensis: molecular cloning, characterization and mRNA expression
JI Dehua, XI Yan, XIAO Haidong, CHEN Changsheng, XI Kai, XIE Chaotian

Insights into community-based bioassessment of environmental quality status using microphytobenthos in estuarine intertidal ecosystems
DU Guoying, CHUNG Ik kyo, XI Honglong
